Solar-Divicon-HX

|	
Solar circulation pump (Wilo model)	
DHW circulation pump (Wilo model)	
Flow meter (setting range)	USG/min
	ltr/min
Max. solar loop pressure	psig/bar
Max. DHW tank loop pressure	psig/bar
Max. operating temperature	Degrees F/C
Solar and DHW circuit connections	inches
Max. number of Vitosol-F collectors*	
Max. number of Vitosol-T tubes*	

*Actual number of collectors will depend on system layout, type of collector, length of piping

Solar-Divicon
