

FREAKISH PERFORMANCE

THE AMAZING VIEGA PUREFLOW SYSTEM

Presenting Viega PureFlow System. Freakish Performance.

This PureFlow PEX is more than meets the eye. It's been specially designed for commercial and residential builders. It's the amazingly reliable. The incredibly efficient. A modern feat of German engineering. It's the one, the only Viega PureFlow System.

BEHOLD
PEX WITH UNBELIEVABLE STRENGTH

Step right up, folks. This PureFlow PEX has a lot to flex.

A higher density PEX. The highest possible chlorine/UV resistance rating. And since no tubing alterations are necessary during installation, Viega eliminates the risk of microtears that can occur with cold expansion. Talk about a Titan of Tubing.

WITNESS
THE INCREDIBLE SPEED OF INSTALLATION

Feast your eyes (just don't blink).

Viega PureFlow System installs in a fraction of time compared to alternatives. They pressure test immediately. They don't require time for drying, curing or contracting. In fact they're so efficient, they'll save commercial projects 1 day per floor, or save up to 3 hours per residential installation.

MARVEL
AT THE MIND-BENDING BRILLIANCE

Fathom this: more confidence in every PureFlow PEX connection.

With Viega's Smart Connect technology, you can instantly identify unpressed connections. And with factory-assembled sleeves across a vertically integrated manufacturing process, there's consistency in every ounce of ingenuity.

Viega PureFlow System Freakish Performance.

Viega PureFlow System Components

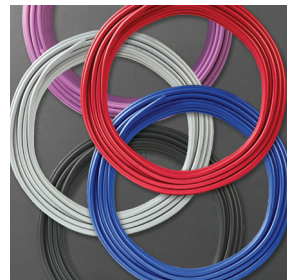

PureFlow Press Fittings

- Viega Smart Connect technology helps identify unpressed fittings for more confidence in quality connections
- 100% factory assembled means less components on the job
- Copper to PEX transition fittings use the same tool platform, making multimaterial installations easier

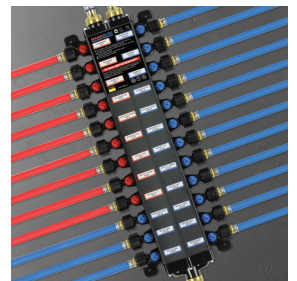

Viega PureFlow PEX

- Flexibility eases installation
- Highest rating for chlorine and UV resistance
- 25-year warranty on high-quality tubing, made with our in-house resin formula

Viega ManaBloc

- Offers quicker hot water delivery and less pressure loss
- Centralized plumbing for easy control, similar to an electric breaker box
- Efficiently utilizes the least number of fittings for a plumbing system, minimizing the opportunity for leaks

Connected in quality.
